

Welcome Screen

The app's welcome screen introduces Shaghlni and invites new users to register for a safe and secure temporary job opportunity.

Login Screen

Returning users can sign in with their email and password, or use Google Sign-In for quick access. A 'Forgot Password' option is also available.

Registration Screen

The registration screen of the Shaghlni app is displayed on a smartphone. The status bar at the top shows the time 17:53, signal strength, and 81% battery. The app's logo, 'شغلي Shaghlni', is at the top. Below it is an illustration of a man in a suit holding a briefcase. The main heading is 'أهلاً بك، من فضلك سجل بياناتك' (Hello, please register your data). The form includes fields for 'الاسم الأول' (First Name), 'الاسم الأخير' (Last Name), 'البريد الإلكتروني' (Email), 'كلمة المرور' (Password), and 'تأكيد كلمة المرور' (Confirm Password). There are two radio buttons for role selection: 'ابحث عن وظيفة' (Looking for a job) and 'ابحث عن موظف' (Looking for an employee). A 'سجل الآن' (Register now) button is at the bottom, along with a link 'التسجيل بواسطة جوجل' (Sign up with Google).

New users fill in their name, email, and password, then choose their role — either 'Looking for a Job' (employee) or 'Looking for an Employee' (employer).

Employer Dashboard

The employer's home dashboard lists all currently active job postings, showing the number of pending questions and applications for each job.

Job Statistics

A detailed statistics page per job listing, showing total applications, pending reviews, rejected/withdrawn requests, and unanswered questions.

Questions & Inquiries

Employers can view and respond to questions submitted by job seekers directly on their posted jobs.

My Posted Jobs

A full list of the employer's published jobs, with salary, work hours, working days, and applicant/question counts per listing.

Job Details View

A detailed breakdown of a specific job posting, including working hours, days, accommodation status, preferred gender, work schedule, location, and description.

وصف الوظيفة

نشر الوظيفة

Employers fill out a form to publish a new job — including title, governorate, salary, working days, gender preference, shift times, address, experience, and description.

Notifications Center

The notifications screen shows real-time alerts for new questions, new applications, completed job ratings, and resolved reports.

Active Connections (Employer)

Employers see a list of all current and past employees with job status, contract dates, and quick actions: chat, rate, or cancel.

In-App Chat

A built-in messaging screen allows direct communication between employer and employee, linked to an active job contract.

Settings & Profile (Employee)

The user's profile screen shows their overall rating and review count, along with options to edit their profile, view ratings, change appearance, access support, and log out.

تغيير كلمة المرور

حفظ التعديلات

Users can update their first name, last name, email address, and password directly from the profile settings.

Employee Dashboard

The employee's home dashboard shows their job application statistics: total, pending, rejected, closed, withdrawn, and questions asked.

My Questions

Employees can view their submitted questions per job listing, including the employer's replies.

Browse Jobs

The job discovery feed shows available listings with employer name, location, salary, working hours and days, applicant count, and a direct apply button.

Job Application Modal

When applying for a job, a pop-up allows the employee to write an optional introductory message to the employer before submitting.

Received Ratings

Employees can view all ratings they received from employers after completed jobs, including star scores and written feedback.

Employer Dashboard (Employer 2)

Another employer's dashboard showing their actively posted jobs, with real-time pending applicant and question counts.

Applicants List

Employers can review applicants per job, seeing each candidate's name, rating, and the time since they applied, with Accept or Reject buttons.

Rate Experience

After a job is completed, employers can rate their experience with the employee using a 1–5 star scale and an optional written comment.

Active Connections (Employee)

The employee's current connections page shows active, completed, and cancelled job engagements with options to chat, rate, or cancel each contract.
